National Service Scheme:

On 24th September 1969, the then Union Education Minister V.K.R.V. Rao launched the NSS at 37 universities in all states. NSS volunteers generally work in villages, slums and voluntary agencies to complete 120 hours of regular activities during an academic year. As per the fundamental principles of National Service Scheme, a volunteer is expected to remain in constant touch with the community. The National Service Scheme (NSS) is a Central Sector Scheme of Government of India, Ministry of Youth Affairs & Sports. It provides opportunity to the student youth of Graduate, Post Graduate & Vocation Education at colleges and university level of India to take part in various government led community service activities & programmes. The sole aim of the NSS is to provide hands on experience to young students in delivering community service. It aims to develop character, volunteer ship, discipline, leadership, and secular outlook, spirit of adventure and ideals of selfless service among the youth of the country. It provides a suitable environment to motivate the youth to take up a career in social service sector. Our N.S.Patel Arts College - Anand has strong attachment with service to the Human Society through various ways. One of the ways is to serve human society and country through the NSS. The NSS Unit of our College comes under the Social Services of India.

Sardar Patel University has allocated a total of three NSS units (i.e. 300 volunteers) to our college. From last five year (2014 - 2019) 1500 volunteers have been approved.

NSS Unit of the college makes efforts to make the curriculum more skill based and practical. As a part of curriculum the students of NSS are required to experience a rural experience. To serve this purpose the rural camp was designed from **28th December, 2015 to 03rd January, 2016**. The students made great efforts and put their heart and soul into making this experience fruitful to all members of the team. The students were able to make the best of this opportunity. The camp was designed to increase students' knowledge and skills in social practice with groups and communities. It helps the students to learn a lot about rural life, community living, and sharing, planning, organizing programmes and about how to adjust with others and live happily. It promotes the holistic development of the students. The camp provides ample opportunities for students to fine tune their interpersonal relationship skills through the process of group dynamics.

In the camp students get the exposure to meet and interact with renowned speakers of national and international repute. The speakers speak about their field and their contribution in the Nation Building. This was a great opportunity for students to learn about rural living, adapting to the new environment and to work as a united group to meet a few needs of the community. The camp was helpful in inculcating various skills in the students like organizing, mobilizing, problem-solving, leadership, decision-making, etc. Thus, the camp was a good platform to work as a team and learning new skills. Because of the experience of Rashtra Katha Shibir the students could co-relate the theoretical knowledge to the field practice. Thus, the entire camp was successful in helping the students to apply social skills and principles in the camp.
