To Whom It May Concern

This is to certify that **Hiten Kumar Ramesh Bhai Patel** completed his internship with Voluntary Nature Conservancy from 21st July 2023 to 31st October 2023 and has made a valuable contribution to reaching our audiences.

During his association with VNC, he has been part of various activities, especially Tree Plantation. He also actively volunteered in programs like the Snake Bite Mitigation Initiative, Butterfly Awareness Campaigns, and Data Management and Documentation. He continues to volunteer with various activities in varied capacities. His work in the aforementioned programs required a firm grasp of many of the skills and aspects that are essential to make any project successful, such as planning, integration, and the consideration of multiple factors in making sound decisions.

In his tenure with us, we found him to be hard-working. He had a good working relationship with other interns and was respectful to the management. I would be more than happy to provide any further queries one might have regarding his experience with VNC.

She continues to volunteer with various activities in varied capacities. Her work in the aforementioned programs required a firm grasp of many of the skills and aspects that are essential to make any project successful, such as planning, integration, and the consideration of multiple factors in making sound decisions.

In her tenure with us, we found her to be hard-working. She had a good working relationship with other interns and was respectful to the management. I would be more than happy to provide any further queries one might have regarding his experience with VNC.
